PROJECTS

JOBPORTAL(HIREBRIDGE), November 2024 - March 2025

- HireBridge is a modern MERN stack job portal connecting job seekers and employers. It features a responsive UI built with React and styled using Tailwind CSS. Users can create profiles, upload resumes, and apply for jobs easily. Employers can post jobs, manage applications, and shortlist candidates. With JWT authentication and role-based access, it ensures secure and scalable hiring.

Payroll Management System, January 2024 - November 2024

- This is a Full-Stack Payroll System built using the MERN stack (MongoDB, Express, React.js, Node.js). It includes features like employee attendance, leave tracking, and salary calculation. The frontend is developed with React.js for a dynamic and responsive UI. Backend APIs are powered by Node.js and Express, with data stored in MongoDB. Secure authentication and authorization are implemented using JWT.
